My Favorite People to Work With

Smart
Motivated
Interested in learning
new technologies
Laid back and wanting to
get work done

Transferable Skills

Customer Service Technical Support and troubleshooting

My Values & Goals

Continuing to learn new technologies and languages Solving problems through technology

Most Valued Knowledge/ Fields of Interest

I'm interested in working in most any idustry. I just want to keep learning different methods of developing great software

My Favorite Working Conditions

Looking for somewhere smaller. Preferably under 100 people. I do not want to go back to working for a large corporatoin at this point.

Preferred Place(s) to Live

Ideally Denver for the next 3-5 years.
Afterwards I'd like to work remotely and live somewhere in the mountains.

My Preferred Pay and Level of Responsibility

Preferably I'd like to make close to what I was making before switching careers. I'd like to be junior to mid level
